Dear Sir:

Subject: Temporary change 81-2 to the Vermont Yankee Physical  
Security Plan

Vermont Yankee has determined that certain temporary modifications are needed which effect the site security program and will result in a configuration which is contrary to that described in Vermont Yankee's Physical Security Plan. This temporary change is submitted in accordance with reference (a) since no degradation of site security will occur because of the compensatory actions which will be taken. Enclosure 1 describes the details of the change, compensatory actions to be taken and our tentative schedule for completion of the work.

The enclosures to this letter contain information of a type specified in 10 CFR 2.790 (d) and are to be withheld from public disclosure.

We trust this information is adequate. If you have any questions, please contact William T. Penniman, Security Supervisor at Vermont Yankee (802) 257-7711.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
