Nuclear Regulatory Commission
1717 H Street, Northwest
Washington, D.C. 20555

Dear Sir:

The enclosed resolution was adopted by our City Council in support of the licensing of San Onofre Units II and III.

Our Council supports the use of nuclear energy as one method of reducing our dependence on foreign oil.

Sincerely,

RICHARD ACTON
Mayor

RA:ac

cc: Southern California Edison Company,
Mr. Ken Witt

RESOLUTION NO. 81-R-147

A RESOLUTION OF THE CITY COUNCIL OF THE CITY
OF PLACENTIA ENDORSING THE LICENSING OF
SAN ONOFRE UNITS II AND III AND SUPPORTING THE
DEVELOPMENT OF ALTERNATIVE ENERGY FORMS

WHEREAS, the Placentia City Council is vitally concerned
that the economic, environmental and social well-being of the
State of California be maintained; and

WHEREAS, an adequate supply of energy is critical to
meeting California's economic and social needs while preserving
the environmental gains of the past decade; and

WHEREAS, this nation's continued overdependence on
foreign oil has caused major adverse economic impacts; and

WHEREAS, there is a probability that instability in
the Middle East will, at some near future time, result in ^{reduced} supplies
of oil, thereby causing further social and economic hardships here
at home; and

WHEREAS, there must be a strong commitment to conserva-
tion of the nation's limited resources and development and effi-
cient and secure new sources of energy here at home; and

WHEREAS, regulatory delays in the planning and licensing
of needed energy facilities are costly to the consumer, stifling
to economic growth, and result in an increasing imbalance of
trade with regard to foreign oil.

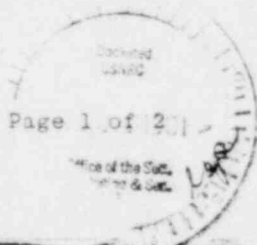

NOW, THEREFORE, BE IT RESOLVED THAT the City Council
of the City of Placentia does hereby support:

(1) Licensing San Onofre Units II and III nuclear
power plants;

(2) Developing alternative forms of energy such as
solar, geothermal and wind; and

(3) A continued commitment to conservation of our
energy resources.

AND BE IT FURTHER RESOLVED that copies of this
