HYDRAULIC SNUBBERS - LICENSE AMENDMENT APPLICATION FEE

Dear Mr. Miller:

We have received your July 21, 1981 letter concerning our May 21, 1981 technical specifications change request relating to hydraulic snubbers for the Brunswick Steam Electric Plant Unit Nos. 1 and 2. Carolina Power & Light Company (CP&L) had determined that our submittal was exempt from license amendment application fees since it resulted from a written Commission request. However, your letter stated that the request resulted from safety concerns based on recent operating experience. This determination requires one Class III fee of \$4,000 and one Class I fee of \$400 for the Brunswick units. Accordingly, CP&L is herewith remitting \$4,400 in payment of these fees.

Please call us should you have any questions.

Yours very truly,

E. E. Utley
