Re: McGuire Nuclear Station  
Docket Nos. 50-369, 50-370  
Control of Heavy Loads, NUREG-0612

Dear Mr. Denton:

My letter of June 2, 1981 identified the basic program that Duke Power Company was pursuing to resolve the concerns identified in Mr. Darrell Eisenhut's letter of December 22, 1980 and in NUREG-0612. Due to the large number of cranes and hoists in the plant and the Unit 1 startup activities, the evaluation has not been completed. It is our intention to provide the information requested in Sections 2.1-2.4 of Enclosure 2 to Mr. Eisenhut's letter by September 22, 1981.

Very truly yours,

*William O. Parker, Jr.*
