Dear Sir:

In accordance with the provisions of 10 CFR 50.54(p), please find enclosed copies 1 through 5 of Pilgrim Station Modified Amended Security Plan, Revision 7. This revision incorporates changes initiated as a result of NRC review of Revision 6, and to update training course vertical syllabi. The changes were subject to careful analysis, and do not decrease the safeguards effectiveness of the Plan.

Five (5) highlighted copies detailing changes are enclosed to assist you in identifying the changes.

Pursuant to Section 2.790(d) of 10 CFR Part 2, we are requesting that you withhold the information provided in Enclosure copies 1 through 5 and highlighted copies from public inspection. Withholding from public inspection does not affect the right, if any of persons properly and directly concerned with the project to inspect the information.

Very truly yours,

A. V. Morisi
