NUCLEAR REGULATORY COMMISSION

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

August 26, 1981

In the Matter of:
South Carolina Electric & Gas Company
Virgil C. Summer Nuclear Station, Unit 1
Docket No. 50-395

INTERVENOR'S MOTION FOR
TIME EXTENSION FOR FILING RESPONSE
TO KAKU BRIEFS AND FINDING OF FACTS AND CONCLUSIONS

Gentlemen:

It is necessary for me to request a ten day time extension for responding to Applicant and Staff briefs on Dr. Kaku's testimony and a ten day extension on my response to the Applicant's Finding of Facts and Conclusions.

The week available to me for response after delivery has been inadequate for me to allow Dr. Kaku and other experts to review the documents and respond.

I have spoken with the Applicant and they had no objections to a time extension - barring the staff subsequently seeking additional. I also spoke with Judge Grossman who advised me that the hearing schedule appears to be moving back into October. This would indicate that my requested extension would not delay the adjudication of these matters.

My request would have the Kaku response due September 4th. My response to the Applicant's Finding of Facts & Conclusions would be due September 8th, 1981.

Respectfully submitted,

Brett Bursey

Brett Bursey
