Subject: Licensee Event Report 50-298/79-31
Cooper Nuclear Station
NRC Docket No. 50-298, DPR-46

Dear Mr. Seyfrit:

Although considerably overdue, this letter is written to formally document the fact that the subject Event Report was voided and, therefore, will not appear in your files. The report, and subsequent voidance thereof, was discussed with both your staff and NRR in November 1979; however, the writer was remiss at the time for not formally documenting such action.

Sincerely,

Jay M. Pilant
Division Manager of Licensing
and Quality Assurance
