DOCKET NUMBERS 50-483 AND 50-486  
CALLAWAY PLANT, UNITS 1 & 2  
SIMULATOR LICENSING EXAMINATIONS FOR  
CALLAWAY APPLICANTS (1981-1982)

Reference: NRC Letter on Simulator Examinations  
(Generic Letter 81-29)

The referenced letter requested information concerning Union Electric's schedule of examinations for license candidates required during calendar years 1981 and 1982. Our projected schedule for completion of Callaway Unit 1 is such that we would not expect NRC to administer licensing examinations until early 1983. At that time, we may have up to 45 license candidates. The plant simulator located in the training center at Callaway will be available for these examinations. This information is hereby incorporated into the Callaway Application.

Very truly yours,

  
John K. Bryan
