References: a. License No. DPR-28 (Docket No. 50-271)
b. Letter, USNRC to VYNPC, NVY 89-241, dated December 11, 1989.

Subject: Acceptance for Referencing of Topical Report YAEC 1694, "Method for Generation of One Dimensional Kinetics Data for RETRAN-02".

Dear Sir:

By Reference (b), NRC provided a safety evaluation and acceptance of the original issue of the subject report.

Reference (b) requested that, in accordance with procedures established in NUREG-0390, VYNPC publish an accepted version of the subject topical report, within three months of letter receipt [Reference (b) was received by VYNPC on December 15, 1989]. Instructions were provided to include an "-A" (designating accepted) following the report identification symbol of the accepted version. NUREG-0390 also provides instructions to include a copy of the NRC acceptance letter and safety evaluation report [References (b)] in the accepted version of the topical report, immediately after the report cover sheet.

Enclosed please find the accepted version of topical report YAEC-1694-A, which is provided in accordance with the above described instructions.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
