Docket No. 50-293
License No. DPR-35

Pilgrim Nuclear Power Station
Security Plan, Issue 2, Revision 12

In accordance with 10CFR50.54(p)(2), Boston Edison Company is submitting Revision 12 to the Pilgrim Station Security Plan. This revision is being submitted due to:

- Security System Upgrades (LTP #29),
- Reorganization,
- Completion of the perimeter changes necessitated by the new Support Building and the new primary access point, and
- An exemption regarding non-licensee employees and use of hand geometry system for access control (NRC approved 8/8/95).

These changes do not decrease the safeguards effectiveness of the Pilgrim Nuclear Power Station Security Plan and were approved by the Operations Review Committee. The enclosed Revision 12 contains safeguards information and must be protected against unauthorized disclosure in accordance with 10CFR73.21.
