Attn: Document Control Desk

Attn: Document Control Desk,

We are sending this letter to inform you that you may be receiving two separate mailings for the Interim notification under 10 CFR Part 21 for Rosemount Model 1153 and 1154 Pressure Transmitter.

The reason being is that the first mailing had the incorrect zip code and was being held at the USPS in Washington DC. To ensure you received this document we sent it again with the correct zip code.

We apologize for the lateness on this matter.

Best Regards,

A handwritten signature in cursive script that reads 'Barb Jarousek'.
