Good morning,

The Financial Assessment Branch (FAB) has completed its acceptance review of the 2019 Decommissioning Funding Plan (DFP) update and the 2019 Self Guarantee of funds for decommissioning, submitted by The Pennsylvania State University (PSU) on December 12, 2019 and December 19, 2019, respectively, related to reporting requirements documenting decommissioning planning and funding assurance for the referenced facility. Based on its review, the staff finds that the updates contain the basic information required for FAB to commence review. If you have any further questions, please contact me.
