Re: Form 7 Application for Amendment of Export License XSOU8844
Licensee: Southern Ionics Minerals

Dear Sir / Madam:

As requested by Joanne Savoy of your office, Southern Ionics Minerals ("SIM") hereby submits a completed Form 7 application to amend our existing license XSOU8844 to export rare earth ore to the Peoples Republic of China ("PRC") for non-nuclear end-uses. We are submitting this application for amendment to allow the Nuclear Regulatory Commission to add an additional condition.

Additionally, please note that we have closed our Jacksonville administrative office, so the amended license should list the address of our Mineral Separation Plant, as I have indicated on Form 7.

I have not attached any Additional Information with this application. None of the additional information submitted with the original license application has changed.

We appreciate your attention to this matter and look forward to receiving the amended license.

Sincerely,
