Office of Nuclear Reactor Regulation  
Attn: Harold R. Denton, Director  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)  
Operating License No. DPR-50  
Docket No. 50-289  
Personnel Reassignments  
Per H. Dieckamp's 6/10/83 Letter

Mr. Dieckamp's letter of June 10, 1983 to Chairman Paladino described our plans to reassign certain categories of personnel at TMI-1 until the identified open issues regarding management have been resolved. The purpose of this letter is to provide a status of those actions.

All reassignments have been completed with the exception of one; the Shift Technical Adviser. A qualified replacement for Shift Technical Adviser is not scheduled to be available until early October, at which time the re-assignment will be made.

In any case, we intend to complete all personnel reassignments before TMI-1 Restart.

Sincerely,

  
P. R. Clark  
Executive Vice President
