RE: TMI-1 Restart, Docket 50-289

Gentlemen:

An unfortunate typographical error appears on the last page, page 17, of The Union of Concerned Scientists Response to Commission Order of August 5, 1983. The full sentence beginning on the last line of page 16, should read as follows:

In addition, UCS believed and the Atomic Safety and Licensing Board agreed, that a connection between the TMI-2 accident and the lessons learned there must be shown in order to raise and issue."

I regret any confusion this may have caused.

Very truly yours,

Ellyn R. Weiss
