Dear Mr Stello:

MONTICELLO NUCLEAR GENERATING PLANT
Docket No. 50-263 License No. DPR-22

License Amendment Request Dated July 29, 1977

Attached are three originals and 37 conformed copies of a request for a change to the Technical Specifications, Appendix A of the Provisional Operating License for the Monticello Nuclear Generating Plant. The first change corrects an editorial error which presently exists. The second change seeks a more restrictive MCPR limit.

We have determined that these changes do not involve an unreviewed safety question.

Yours very truly,

L O Mayer, PE
Manager of Nuclear Support Services
