Change Request Dated October 31, 1973

Attached are three signed originals and 37 conformed copies of a request for a change of Technical Specifications, Appendix A, of Provisional Operating License DPR-22 for the Monticello Nuclear Generating Plant. This change request has been reviewed by the Monticello Operations Committee and the Safety Audit Committee.

It is requested that Change No. 2 to the Monticello Technical Specifications authorized by your office January 14, 1972, and to be placed in effect after the planned Off-gas Holdup System is installed, be canceled in its entirety.
