Dear Mr. Vick,

After further review of question B-18 of the RO/SRO licensing exam administered at AFRRRI on April 23, 1991, AFRRRI TRIGA reactor management have concluded that the best answer for this question is response D. The basis for this answer is Technical Specification 2.1. If you have any questions or comments, please contact the Reactor Facility Director, Mr. Mark Moore, or the Reactor Executive Officer, 1st Lt Matt Forsbacka, at (301) 295-1290. Thank you for your cooperation.

Sincerely,

MARK MOORE
Reactor Facility Director
