Re: In the Matter of
Union Electric Company (Callaway Plant,
Units 1 and 2)
Construction Permits Nos. CPPR-139, CPPR-140

Gentlemen:

This will confirm my oral request during yesterday's conference call for leave to file with the Licensing Board the following documents on behalf of Union Electric Company in the above proceeding:

1. Senate Bill S. 2584, to authorize appropriations to the Nuclear Regulatory Commission in accordance with section 261 of the Atomic Energy Act of 1954, as amended, and section 305 of the Energy Reorganization Act of 1973, as amended, and for other purposes. This Bill is currently before the Senate Committee on Environment and Public Works.

2. Report Secy-78-308 to the Nuclear Regulatory Commission, dated June 9, 1978, from Robert B. Minogue, Director, Office of Standards Development, to the Executive Director of Operations, captioned "Individuals Who Provide Information To NRC; Remedies In The Event Of Discrimination And Penalties For A Person That Discriminates", and the attachments thereto.

Mr. James P. Murray, counsel for the NRC Staff, objected to the oral request for leave to file these documents, and, following consultation among the members of the Licensing Board, the request was denied.

Respectfully yours,

Gerald Charnoff
Counsel for Union Electric Company
