Office of Nuclear Reactor Regulation  
Attn: Mr. Darrell G. Eisenhut, Director  
Division of Licensing  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: Cooper Nuclear Station  
Emergency Operations Facility

Reference: 1) Letter, J. M. Pilant to D. G. Eisenhut  
dated June 4, 1982  
2) Letter, J. M. Pilant to D. G. Eisenhut  
dated June 9, 1981

Dear Mr. Eisenhut:

The purpose of this letter is to transmit the District's conceptual design for a new Emergency Operations Facility at Cooper Nuclear Station (attachment). Reference 1 refers to the initial design which was transmitted by Reference 2.

Inasmuch as the District intends to commence construction as soon as possible, it is requested that the staff conduct a review of this new design and inform the District of any deficiencies by September 20, 1982.

If you should require further clarification on any of the information provided, please contact me.

Sincerely,

Jay M. Pilant  
Division Manager of Licensing  
and Quality Assurance
