Subject: Organizational Chart Update

Dear Sir:

Pursuant to Section 50.59 of the Commission's Rules and Regulations, Vermont Yankee hereby proposes the following modification to Appendix A of the Operating License.

Proposed Change

The change involves revision to pages 190-a and 191 of the Vermont Yankee Technical Specifications. The revision to page 190-a reflects changes in the titles appearing on the off-site support organizational chart brought about as a result of the creation of the positions, "Vice President/Manager of Operations" and "Vice President of Administration/Finance and Treasurer". Changes are also made to reflect the current organizational alignments within the Nuclear Services Division of Yankee Atomic Electric Company.

An additional change is proposed to page 191 which will ensure that the qualification requirements of Regulatory Guide 1.8, Revision 1, will be maintained.

Reason for Change

These changes are intended to bring the Organizational Tables contained in Section 6.0 of the Vermont Yankee Technical Specifications up to date and to ensure that the qualification requirements of Regulatory Guide 1.8, Revision 1, are maintained.

Safety Considerations

This proposed change is administrative in nature and has no safety or environmental significance.

This proposed change has been reviewed by the Vermont Yankee Nuclear Safety Audit and Review Committee.

### Fee Determination

This change is pro forma, administrative in nature, and has no safety or environmental significance. For these reasons, Vermont Yankee Nuclear Power Corporation proposes this change as a Class II amendment which requires a fee payment of \$1,200.00. A check in the amount of \$1,200.00 is enclosed.

### Schedule of Change

The changes described above will be incorporated into the Vermont Yankee Technical Specifications upon receipt of your approval.

We trust you will find this information satisfactory; however, should you desire additional information, feel free to contact us.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
