SUBJECT: Waterford 3
Emergency Planning

Reference: Letter from NRC to LP&L dated June 22, 1982

Dear Mr. Tedesco:

We have reviewed the referenced letter and understand that your comments on the Emergency Classification Scheme are based on Revision 3 to the subject plan.

It should be noted that we submitted Revision 4 to the Waterford 3 Emergency Plan in June, 1982 which revised the Emergency Action Levels (EALs) in Table 4-1. We have also submitted draft Emergency Plan Implementing Procedures in June, 1982. In order to completely review the revised EALs, one should review Table 4-1 (Revision 4) and EP-1-001 (Revision 0).

We would also like to inform you that the emergency plan exercise for NRC and FEMA evaluation that was scheduled for August, 1982 has been postponed until later on this year. A revised emergency planning schedule should be complete within the next several weeks and we will provide you with the information as soon as it is available.

If there are any questions please contact Mr. R. G. Azzarello of my staff.

Yours very truly,

L. V. Maurin
