Extension Application Fee

Dear Ms. Diggs:

Enclosed is a check in the amount of \$400 to complete the application for the extension of completion dates for CPPR-148 and CPPR-149 for the Perry Nuclear Power Plant, Unit Numbers 1 and 2.

The Office of Nuclear Reactor Regulation's preliminary review of the Cleveland Electric Illuminating Company's application for extension of construction completion dates for CPPR-148 and CPPR-149 for the Perry Nuclear Power Plant, Units 1 and 2, determined that the Class II fee of \$1,200 was appropriate for one of the units but a duplicate fee of \$400 is required for the other unit.

If you should have any questions regarding the application fee, please feel free to contact me.

Very truly yours,

WD Master
