28 October 82

Director of Nuclear Reactor Regulation  
USNRC  
Washington, DC 20555

Dear Sirs:

In accordance with the requirements of 10 CFR 50.54 paragraph(r), we are submitting for review the revised AGN-201M (serial #106) Emergency Plan, facility license number R-23, docket number 50-59. Enclosed are ten (10) copies, including the signed original copy of the AGN-201M Emergency Plan, prepared using the format specified in NUREG-0849 and ANS 15.16. This document contains no facility security related material or material that is to be withheld from the general public.

If during your scheduled review of this emergency plan any questions arise that should be addressed by personnel at this facility, please contact Dr. Gerald Schlapper or Mr. Barry Willits at (713) 845-4161.

Yours truly,

Carl A. Erdman  
Professor and Head
