Corporate Organization Change to Technical Specifications

Gentlemen:

Alabama Power Company is making a change to the corporate organization for the Nuclear Generation Department. This change necessitates an amendment to the technical specifications to reflect the new organization chart and management titles.

Alabama Power Company's Plant Operations Review Committee reviewed the proposed organizational change and the associated change to the Technical Specifications and has determined that an unreviewed safety question is not involved. The Nuclear Operations Review Board will review this change at the next scheduled meeting.

The class of this proposed amendment is designated as Class II, administrative in nature, according to 10 CFR 170.22 requirements. Enclosed is a check for \$1,600.00 to cover the total amount of fees required.

In accordance with 10 CFR 50.30 (c) (1) (i), three signed originals and forty (40) additional copies of this proposed change are enclosed.

Yours very truly,
