Magdalena,  
That sounds great. There's no need for 31.11 authorization at that facility.

Thanks,  
patrick

Mr. Byrne,

I am going to authorize Dr. Eitel for 10 CFR 35.100 and 35.200 material only on NRC license no. 13-26028-02. He is not authorized for use of 10 CFR 31.11 on license no. 13-17082-02, Hendricks Regional Health.

Thank you

Magdalena

Ms. Gryglak,  
The request to add Dr. Eitel should have been limited to materials licensed under 10 CFR 35.100, 35.200, and 31.11, as that's all Putnam County is authorized for. The request to authorize him for materials licensed under 10 CFR 35.300 (limited to sodium iodide I-131) was erroneous.

Please let me know if you need this clarification stated in a separate document.

Thank you,  
Patrick Byrne

**Subject:** Request to add J. Eitel MD as an AU for 10 CFR 35.100, 35.200, and 35.300 (limited to sodium Iodide I-131), NRC license no. 13-26028-02, Putnam County Hospital

Good morning Mr. Byrne,

I reviewed the licensee's request to add Dr. Eitel as an AU for the above listed material on NRC license no. 13-26028-02, Putnam County Hospital.

However, I noted that NRC license no. 13-26028-02 authorizes the use of 10 CFR 25.100, 35.200, and 31.11 material only.

Please clarify the licensee's request.

Thank you
