Joseph M. Farley Nuclear Plant
Annual Environmental Operating Report - Radiological

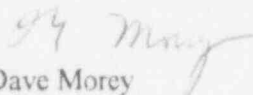

Gentlemen:

The enclosed "Annual Environmental Operating Report, Part B: Radiological" for calendar year 1993 is transmitted in accordance with the Joseph M. Farley Nuclear Plant Unit 1 and Unit 2 Technical Specifications Section 6.9.1.6.

Also enclosed are amended pages to the "Annual Environmental Operating Report, Part B: Radiological" for calendar year 1992. When a comparison was made between 1992 data and 1993 data, incorrect values were found in the nominal MDC column of the summary report. These errors resulted from a problem with the automatic retrieval feature of the spreadsheet; this problem has been eliminated.

If you have any questions, please advise.

Respectfully submitted,

Dave Morey
