Op. License No: DPR-49  
Request for Schedule Extension to Complete Generic  
Letter 89-10 Activities  
File: A-101b

Dear Mr. Russell:

As discussed with members of your staff and Region III personnel at a meeting on April 21, 1994, IES Utilities Inc. (IESUI) will be requesting a schedule extension to complete Generic Letter 89-10, "Safety-Related Motor Operated Valves (MOV) Testing and Surveillance," activities for certain MOVs in our program.

At that meeting, the possibility of delaying our request for a schedule extension was discussed so as to allow our inclusion of certain information to further clarify and justify our schedule extension.
