Subject: Additional information needed for renewal of your NRC materials license
Date: Tuesday, December 17, 2019 9:03:00 AM
Attachments: [1556 Vol. 1, Rev. 2 Appendix B Form.pdf](#)

Good Moring Mr. Frye,

Thank you for taking the time to discuss the renewal of your NRC Materials License with me this morning. As we discussed I will need some additional information to complete my review of your renewal request specifically, the information provided in your renewal references outdated guidance documents. For the convenience and streamlined handling of portable gauge applications, you may use Appendix B, "Suggested Format for Providing Information Requested in Items 5 through 11 of NRC Form 313," to [NUREG 1556 Vol.1, Rev. 2](#) to provide this information. I have attached a fillable PDF copy of this checklist to this email. If you choose to use this checklist, please note that I will need the following information:

For Items 5 and 6 provide:

- Each radionuclide and maximum activity of each source per gauge model, and confirmation that the activity per source and maximum activity per gauge will not exceed the maximum activity listed in the approved certificate of registration issued by the NRC or by an Agreement State.
- Manufacturer (or distributor) and model number for each type of gauge.
- Maximum number of gauges to be possessed and used under the license, by manufacturer and model number.
- Purpose for which the gauges will be used, such as "to measure physical properties of materials," and confirmation that all gauges will be used as listed in accordance with the applicable and approved certificate of registration issued by the NRC or by an Agreement State.

For Item 10.8 please note:

- There are two checkboxes in this section, one for Routine Cleaning and Operation and one for Nonroutine Maintenance. You will need to make a selection for each.

You have already submitted the required supporting documentation, and I do not need you to resubmit that information. For your convenience, you may provide the checklist as a PDF attachment to an email by Friday, January 3, 2019. Please included a signed and dated cover letter.

Let me know if you have any additional questions.

Thank you,

Erin Kennedy
