Subject: Request to add Joshua Ball MD as an AU for 10 CFR 35.300, NRC license no. 24-26789-01, Freeman Neosho Hospital

Good morning Ms. Deardorff,

I reviewed your request dated 12/17/19 to add Dr. Ball as an AU for the above listed material (he is authorized for use of 10 CFR 35.300 limited to oral administrations of I-131 in quantities equal to or less than 33 mCi),

However, I noted that the NRC license no. 24-26789-01 authorizes the use of 10 CFR 25.100, 35.200, and 31.11 material only.
Please clarify the request.

Thank you
