Division of Fuel Management
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Attn.: Document Control Desk, Director

Subject: Request for Timely Renewal of Certificate of Compliance (CoC) No. 9282 for
the Model No. SPEC-300 Transport Package

References: 1. U.S. Nuclear Regulatory Commission (NRC) CoC No. 9282 for the
Model No. SPEC-300 Transport Package, Revision 3

2. Safety Analysis Report (SAR) for the SPEC-300 Transport Package,
February 9, 2015

In accordance with provisions of 10CFR 71.1 and 10CFR 71.38, Source Production and Equipment Company (SPEC), hereby requests the timely renewal of the U.S. NRC CoC No. 9282 for the Model No. SPEC-300 Transport Package (Package Identification No. USA/9282/B(U)-96), which will expire April 30, 2020.

SPEC has reviewed the current Safety Analysis Report (SAR) for the SPEC-300 Transport Package, Chapter 7 Operating Procedures, and Chapter 8 Maintenance Program, and found no revision of the SAR is necessary at this time.

If you have any comments or questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Kristen Bonds".
