

DOCKET NUMBER
PROD. & UTIL. FAC. 50-387,388

Oct. 13, 1981

Dear Mr. Chalk:

We would prefer that P.B. & L. Susquehanna Steam Electric Station
Jacket 50-387+50-388 didn't get their
license because if something happened
like on 3 mile island we would
be doomed. Besides where are they
going to put the remains ^{or waste} without
it hurting people ???

Sincerely

Tom & Eleanor McCune
