Dear Mr. Carter,

My family and I live within 12 miles of Indian Point. My husband and I have been hoping to bring several issues before the hearing board to encourage them to shut the plants down immediately and permanently. We do not have the funds for legal intervention but want to make an appearance.

We insist that the hearings be held in the evening with in the plant area so that the working people can attend. Thank you, Sincerely,
Pat Levy

"Tu Enfanteras Dans La Joie"

My husband, Dr Abe Levy
will be more than
happy to appear before
the hearing board to
discuss the health
hazards of low level
radiation.

Thank you again for
your cooperation.

Sincerely,

Pat Levy.
