Louis J. Carter, Chairman
Indian Point Atomic Safety and Licensing Board
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Dear Mr. Carter:

Congratulations on your appointment to head this hearing board. I hope that the repeated delays which have plagued the Indian Point petition case are finally coming to an end.

I am a resident of Westchester County, living near Indian Point, and am very concerned about the presence of the nuclear reactors there near my home. I hope that I will be able to participate in helping your Board arrive at the truth regarding the hazards created by that plant to myself, my family, and my neighbors. Although I cannot be a legal intervenor in the case (I work full time as an engineer, designing medical electronic equipment), I would like to attend and testify as much as possible. I urge you to hold the hearings in Westchester County, where the people most affected live, and to have numerous evening sessions so that working people like myself can attend.

Thank you very much for your consideration. Since the NRC considers that the interim operation of Indian Point during the proceedings of this case poses no danger to myself and my neighbors, I am sure you will have no objection to joining us here for that period of time.

Sincerely,

Charles A. Scheiner
