In re: Docket No. 50-247
and 50-286

Dear Mr. Carter:

Our ad hoc organization, United Citizens Against Nukes, would like to make a Limited Appearance statement when you hold the hearings for Indian Point of Buchanan, N.Y.

Those of us who will be drafting the statement live in New Canaan and Wilton, Conn. We have clocked the distance by road (Route 35) and it is about 30 miles from our houses. As the crow flies, and the wind blows, it is considerably less, putting us into a closer danger zone than one would guess at first. The road is old and full of curves.

Would you ever consider holding hearings in Fairfield County? We stand ready to make a statement in Westchester or in New York City if necessary.

Sincerely,

Louise F. Besson

Louise F. Besson, Secretary

U.C.A.N.
