Re: In the Matter of Pacific Gas and Electric
Company (Diablo Canyon Nuclear Power
Plant, Units 1 and 2), Nos. 50-275 O.L.,
50-323 O.L.

Dear Sirs:

Attached is Joint Intervenors' Revised
Contention on Environmental Qualification of Safety-
Related Equipment. Consistent with the instruction
in your August 4, 1981 Memorandum and Order in this
proceeding, copies of this document were sent to all
parties and each board member last week. Due to a
weather-related breakdown in Federal Express
service, however, we were unable to serve the full
service list or file the documents with Docketing
and Service at that time. Full service is being
completed today.

Very truly yours,

Joel R. Reynolds
