In the Matter of
Philadelphia Electric Company
(Limerick Generating Station, Units 1 and 2)
— Docket Nos. 50-352 and 50-353

Gentlemen:

In its Memorandum and Order dated October 14, 1981, the Licensing Board noted the existence of filings by Clarence Wells and by Helene Greenstein as to participation in the proceeding.

The Board correctly deduces that the Applicant considered Mr. Wells' letter only to comment in a limited appearance statement. With regard to Mrs. Greenstein, we were in the process of preparing a response to an untimely filed petition when we received the Board's order.

However, in view of the Board's direction to Mr. Wells and Mrs. Greenstein to specify their intentions as to intervention by October 26, 1981, we will withhold any response until such time.

Sincerely,

Troy B Conner Jr
