DOCKETING & SERVICE  
BRANCH

Dear Mr. Chairman;

I am adding my voice to those  
who have already urged you to close  
the nuclear reactors at Indian Point  
because they have proven to everyone  
that they are very unsafe. That  
million of people die before you take  
action. I cannot believe that a  
thinking and responsible person could  
allow such a hazard to even exist  
let alone sanction it.

Please, for God and country,  
shut them down.

Sincerely yours,

Rev. Richard Jervis
