OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

President Ronald Reagan
White House
Washington D.C.

Dear Mrs. President

I disagree with the project
at Diablo Canyon for two
reasons. They should not
start planning for power
generation until they know
what is going to be built, and go from
there.

They should go get a job
and make a living. They
have no reason for
trespassing. They should go
home and take care of
their families. They should go get a job.

Nichole Goering
