Subject: Page Correction to Revision 6 to CNS QA Program
Cooper Nuclear Station
Quality Assurance Program
NRC Docket No. 50-298, DPR-46

Reference: Letter from G. A. Trevors to USNRC dated April 6, 1990, "Cooper Nuclear Station Quality Assurance Program"

Gentlemen:

The Reference transmitted Revision 6 to the Cooper Nuclear Station Quality Assurance Program. Subsequent to the submittal, the District identified an incorrect Regulatory Guide reference which was inadvertently not corrected.

Attachment "A" to this letter corrects the error found on pp. 2-31, by properly referring to Regulatory Guide 1.144 vice 1.33. This correction does not represent a reduction in the CNS Quality Assurance Program.

Should you have any questions or comments concerning this revision, please contact me.

Sincerely,

G. A. Trevors
Division Manager
Nuclear Support
