Correction to Semiannual Radiological  
Effluent Release Report

Gentlemen:

The Semiannual Radiological Effluent Release Report for the third and fourth quarters of 1989 was submitted by letter dated March 1, 1990 (ØCANØ39ØØ3). We have discovered that radiation dose data to members of the public due to their activities inside the site boundary was inadvertently omitted from the report. The requisite data is attached in accordance with 10CFR50.36(a)(2) and the Arkansas Nuclear One Technical Specifications. We apologize for any inconvenience this omission may have caused.

Very truly yours,

James J. Fisicaro  
Manager, Licensing
