Re: NRC/IMPO

Dear Congressman Dingell;

Have just concluded watching the hearings of the House Subcommittee on Nuclear Power Regulation's.

The chairman of the NRC, and other hearings I have watched portray's the typical appointee requirement's. Arrogance and the accompanying air.

One of the guests was Mr. Nader and expert witness. They brought forth the initials, (Hoping they are correct) IMPO. The information that this Co. has been given the permission to take over some of the NRC responsibility's. What has been asked by Mr. Nader, and acquiesced by Rep. Markey, is to request that the NRC release all IMPO reports on Fermi II.
Thank you.

Sincerely,

James K. Middlemas Sr.
