Gentlemen:

River Bend Station - Unit 1
Docket No. 50-458

Gulf States Utilities Company (GSU) is hereby submitting the scenario for the emergency planning exercise scheduled for February 24, 1993. The scenario package contains exercise objectives, observer information, narrative summary, onsite messages including expected player actions and radiological information.

GSU requests that distribution of the attached information be limited to only those Nuclear Regulatory Commission evaluators observing the exercise. This will maintain the confidentiality of the exercise scenario. For this reason, only the following individuals are being provided the scenario attachment:

Mr. Frank J. Conjel, Director
Division of Radiation Protection & Emergency Preparedness
