Dear Ms. Rodriguez:

Subject: LIC: SOUTH CAROLINA ELECTRIC & GAS COMPANY  
FAC: VIRGIL C. SUMMER NUCLEAR STATION  
DOCKET NUMBER: 50-00395  
PART 170 LICENSE FEE INVOICE  
10 CFR 170.21  
INVOICE NUMBER: XM0044-93  
INVOICE DATE: 02/01/93

In accordance with the provisions of 10 CFR 15.31, South Carolina Electric & Gas Company (SCE&G) has questions concerning certain charges related to the subject invoice. Operator license requalification exams were conducted at the Virgil C. Summer Nuclear Station and were completed on May 23, 1992. The invoice for Part 55 services included charges of \$14,777.50 for 125.5 inspector hours after the completion of the examination period. It is SCE&G's understanding that the grading of the exams was conducted by the contractor who also provided charges in June 1992 in excess of \$3,600.00.

SCE&G would like to understand which activities related to the requalification exam required, what appears to be, an excessive number of inspector hours past the exam end date.

Payment for the invoice has already been submitted. Your prompt attention to this matter is appreciated. Should additional information be required, please contact Mr. Robert M. Fowlkes at 803-345-4210.

Very truly yours,

John L. Skolds
