Submission of Revision 29A to Prairie Island Security Plan

Pursuant to 10 CFR Part 50, Section 50.54(p), we are submitting four copies of Revision 29A to the Prairie Island Security Plan. This revision, 29A, contains changes suggested by Mr. Gary Pirtle to Revision 29. This revision contains no sidebars since it is a complete rewrite of the plan. These changes do not decrease the effectiveness of the Prairie Island Security Plan.

Due to the magnitude of this change and the creation of new implementing procedures, implementation will not take place until 60 days after NRC acceptance.

This revision to the Prairie Island Security Plan contains Safeguards Information as identified by the Commission in 10 CFR Part 73, Section 73.21. The Security Plan revision should not be made available for inspection and should not be placed in the public document room.

Please contact us if you have any questions related to the revision.

Thomas M. Parker
Director
Nuclear Licensing
