River Bend Station - Unit 1
Docket No. 50-458

Gentlemen:

By letter dated May 2, 1991 (RBG-34939), Gulf States Utilities Company (GSU) submitted for review and approval Topical Report EA-PT-91-0003-M, entitled "River Bend Station Plant Transient Analysis Methodology". As a result of the staff review of this submittal and supplemental submittals, a number of items requiring additional information were identified. These additional questions were identified and conveyed to GSU via a telephone conference held on March 22, 1993. Please find attached the three additional items requiring information and the responses to those items.

If you have any questions or desire additional information, please call Mr. L. L. Dietrich of my staff at (504) 381-4866.

Sincerely,

J. E. Booker
Manager - Safety Assessment
and Quality Verification
