dated February 19, 1993 (LIC-93-0079)

Gentlemen:

SUBJECT: Supplement to Fort Calhoun Station (FCS) Semi-Annual Radioactive
Effluent Release Report for July to December 1992 Reporting Period

In accordance with 10 CFR Section 50.36a and FCS Technical Specifications Section 5.9.4.a, Omaha Public Power District (OPPD) is providing revisions to the FCS Semi-Annual Radioactive Effluent Release Report (Reference 2) for the July to December 1992 Reporting Period. These revisions incorporate Fourth Quarter 1992 Strontium-89 and Strontium-90 quantities detected in liquid and gaseous effluents. An outside vendor performs the Strontium-89/-90 analysis, and results were not received in time to be included in Reference 2.

Revised pages for the July to December 1992 FCS Semi-Annual Radioactive Effluent Release Report are enclosed. Please contact me if you have any questions.

Sincerely,

W. G. Gates
Vice President
