Mr. David L. Meyer  
Chief, Rules and Directives  
Review Branch  
Office of Administration  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: Availability and Adequacy of Design Bases Information,  
Federal Register Notice, Vol. 58, No. 55 dated March 24, 1993

GPU Nuclear has reviewed the proposed generic letter concerning "Availability and Adequacy of Design Bases Information". We are aware that the Nuclear Management and Resources Council, (NUMARC) has submitted industry comments under a separate letter and we fully endorse those comments.

If you have any questions, please contact me.

Sincerely,

*Michael Legarda for*
