SUBJECT: COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)
DOCKET NOS. 50-445 AND 50-446
TRANSMITTAL OF FIRE PROTECTION REPORT, REVISION 7

Gentlemen:

TU Electric, the owner of CPSES Units 1 and 2, herewith submits Revision 7 of the CPSES Fire Protection Report.

Enclosed are the following documents:

Fire Protection Report - 1 signed (and sworn)
Revision 7 original and 10 copies

A page-by-page description of the changes is attached. The group number assigns a level of significance for each change made to the Fire Protection Report consistent with TU Electric's letter TXX-88467 of June 1, 1988. In addition, all changes have been reviewed under the TU Electric 50.59 process and found not to include any "unreviewed safety questions".

Pages which do not have technical changes but are included in the revision (because a change shifted the existing material to another page or because only editorial changes were made to the Fire Protection Report) are not discussed in the enclosure "CPSES FPR Revision 7 Detailed Description". These changes will not adversely affect the ability to achieve and maintain safe shutdown in the event of a fire.

If you should have any questions, please contact Mr. Jacob Kulangara at (214) 812-8818.

Sincerely,

William J. Cahill, Jr.
