Arlington, TX 76011

South Texas Project  
Unit 1 and 2  
Docket Nos. STN 50-498; STN 50-499  
Status of Organizational  
Interface Assessment

Reference: Correspondence from D. P. Hall, HL&P, to James L. Milhoan, NRC, dated January 14, 1993, "First Report Regarding HL&P Performance Initiatives" (ST-HL-AE-4295)

Dear Mr. Milhoan:

In the referenced correspondence, Houston Lighting & Power (HL&P) committed to performing an assessment of organization interfaces and teamwork. The purpose of this report is to provide the current status of this assessment.

The assessment results were presented to Executive Management on March 18, 1993. The reporting of results to STP personnel, originally scheduled for completion by mid-April, 1993, has been rescheduled for May 30, 1993. The action plan to implement the assessment results, originally scheduled for completion by May 12, 1993, has been rescheduled for July 30, 1993. This action plan will include the schedule for implementing specific action items to improve organization interfaces and teamwork. The changes in the implementation schedule for this assessment are needed due to the complexity of this assessment and also to allow for thorough management review of the assessment results.

If you have any questions, please call me at (512) 972-8434 or (713) 229-7253.
